

CITY COUNCIL

Roads Were Completed Much Time Last Night

The city council maintained their reputation for tardiness last evening. The regular weekly meeting commenced half an hour late, and finished half an hour late. There were present the Mayor, Ald. Bush, Cameron, Baslin and Elliott.

CORRESPONDENCE.

Frank Harris applied for the extension of the water and sewer system 120 feet along Block 99 from the corner of Third street east and First avenue north, and gave the required guarantee of a 4 per cent return on the cost. Mr. Harris's letter was referred to the water and sewer committee.

The Dominion Securities Corporation estimated that the cost of the delivery of the debentures issued under by-laws 252, 253 and 254, and recently purchased by them. They also stated that they had sold the bonds issued under by-law 242, which by-law their solicitors had not been able to pass. They asked that legislation be brought at the next session of the provincial house to legalize the by-law so that they could deliver the debentures.

The clerk pointed out that at the last meeting of the council a letter was read from the Dominion Securities Corporation saying that they could not accept the bonds which had since been sold to the Imperial Bank. The city solicitor having expressed the opinion that the by-law was legal.

PUBLIC HOLIDAY.

It was resolved, in response to a petition from a number of the business men and ratepayers of the city that Monday, August 24, be declared a city holiday. This is the second time that this has been observed in Edmonton.

MAY HAVE DISTINGUISHED VISITOR.

In a letter to the mayor Premier Butherford said that he had met Lord Strathcona in the east, and had invited him to visit the city named after him. His lordship replied that he would be visiting Canada again in September or October, and might then visit the West. The Premier suggested that the mayor and council should send a formal invitation and it was resolved that the mayor and secretary be authorized to do so.

ACCOUNTS.

The following accounts were ordered paid—
Alberta Credit Co. \$66.00
E. S. Pope 9.30
City Meat & Ice 22.35
E. V. Houghton 10.00

Hanes Bakery 12.50
W. E. Ross 3.55
Chronicle Co. 212.20
P. Cowles 28.00
Strathcona Carriage Co. 13.34
F. A. Peel 24.00
Douglas Bros. 200.00
J. F. Harris Co. 233.75
Hunnekes & Thompson 4.10
G. F. Daines 50.50
Edmonton Printing Co. 14.50
Crawford & Weeks 2.25
H. Turnbull 45.00
Canadian Oil Co. 0.85
W. J. Scott 4.50

REPORTS OF COMMITTEES.

The public works committee formally reported in favor of 37 petitions for sidewalks which had been put in at various times, and the report was adopted.

Two reports of the water and sewer committee were adopted. The first referred to the petition of Messrs. Henry Stollon and B. Akerly for the extension of the sewer system from Main street to the Slabton addition. The report favored the granting of the petition on condition that the petitioners guaranteed a 4 per cent return on two blocks on Main street which would have to be constructed in addition to the other portion.

The second report recommended the granting of the petition of H. H. Crawford, Dan Allen and others for sewer extensions on First avenue north and Second street.

BOTH REPORTS WERE ADOPTED.

BUTHERFORD NOT CONFORMING WITH

J. C. Wainwright, veterinary inspector, reported that he had inspected the dairies of the city. Only one of them came up to the standard required by the by-law but the others were making improvements and would be thought, soon to be up to the standard.

The inspector was authorized to order a hallock test.

POLICE MAGISTRATE'S SALARY.

At 8 o'clock, on behalf of the special committee reported in regard to the salary of Police Magistrate Downes, that the committee realized that Mr. Downes was not receiving sufficient pay for the amount of work he was doing, and recommended an increase, as that for is observed in Edmonton.

Ald. Elliott, as one of the committee appointed to report on a former application by Mr. Downes for an increase, said his committee found that Mr. Downes was doing a lot of work and doing it well, and that he was not receiving sufficient remuneration. They found, however, that there was not sufficient income from fines to provide for an increase of salary, and there was no provision for an appropriation.

Ald. Bush's motion did not find a second, and Alderman Elliott moved that the matter be left over until a full council meeting. Alderman Cameron seconded the motion. The vote was 4-1. Ald. Baslin, who was temporarily occupying the mayoral seat, gave his casting vote in favor of the motion.

THE NEW MARKET.

The mayor introduced the matter of continuing to use the new market site, asking whether it was the intention of the council to have the market in shape this year.

Ald. Bush said the question had been discussed by the city hall, but he was not sure whether there was a decision. He said he was in favor of the market, but the man in charge of the scales at present also had charge of the fire hall and the gasoline engine.

Alderman Elliott suggested a start should be made on the market with hay and oats. They could not get the people selling small produce to go down there.

Alderman Baslin supported this view, and it was resolved that the committee be authorized to have the square cleared of brush, etc.

C. P. R. Strike

Ald. Elliott gave notice that at the next meeting he would introduce a resolution to amend the pound by-law so as to make it a criminal offence to attempt to remove animals belonging to the pound or to interfere with anyone taking animals to the pound. At present the by-law only provides for a penalty for actual removal.

Alderman Elliott, chairman of the public works committee, urged the council to authorize a larger expenditure for the grading of the bridge road so as to cut the first hill down to the grade of the street railway.

The mayor said a good deal of work would have to be done all along the road when the street railway grade was completed, and he did not think they should spend too much money on the first hill until they saw what was needed elsewhere.

Alderman Bush did not think it was necessary to cut the hill down to the level of the street railway.

The matter was dropped without any motion being made, it being understood that the committee would use their judgment as to the work to be done.

The meeting adjourned at 11:30.

Crushed To Death

Calgary, Aug. 22.—A terrific sight met the gaze of those who went to the assistance of John Wesley Bush, a C.P.R. fireman, who was hurled into a fatal accident that occurred at the Aldersley gravel pit at about six o'clock yesterday morning. The deceased, who was 35 years of age, and an experienced brakeman, was on duty on the gravel train heading for the Aldersley pit, the train being in charge of conductor T. A. McLeary.

Some cars were being taken from the pit at the siding where they had been loaded, and the intention was to shunt them along and couple them to some other cars upon which a large gravel plough was resting. When the cars were shunted up to the main portion of the train upon which the plough was loaded, the coupling failed to make connections, and sent the other cars on a short distance up the siding incline. Brakeman Bush, who was standing on the coupling, was thrown and lying the coupling when the cars with the plough to which he had his back turned, ran suddenly down the incline over the few feet that separated them. His chest and stomach were terribly crushed and when the cars were pulled away again he fell in awful agony with his legs across the track. To add to his sufferings the wheels of a car passed over him severing both legs.

The accident was discovered a few moments afterwards, and all haste was made to rush the injured man to the hospital in Calgary. His sufferings ended before the train reached Calgary, and the body was taken to the morgue by Messrs. Graham and Bascombes.

The deceased was a native of Sarina, Ont., where he had been employed for a number of years on the Grand Trunk as a conductor. He came to Calgary about a year and a half ago, and was living with his family at 339 Twenty-First Avenue West.

The deceased was highly esteemed by his numerous friends and the Brotherhood of Railroad Trainmen have taken charge of the funeral arrangements. The body will be sent East to Sarina to-morrow.

The deceased leaves to mourn him a grief-stricken wife, and one son and daughter, all residents of Calgary.

Municipal Union

Thirty Bushels

Acre Average

At the meeting of the Edmonton city council last evening Ald. Teebush gave notice of the resolution, which contemplates the discussion of the feasibility of a union by council committees of both cities with a view of submitting to the ratepayers. The wording of the resolution is as follows: "That in the opinion of this council, a union of the two municipalities of Edmonton and Strathcona would undoubtedly be of mutual advantage to both cities, and with a view to bringing about such a union, we extend an invitation to the citizens of Strathcona through their mayor and council, to consider the feasibility of uniting the two cities in one municipality; and we would suggest that the mayor and council of Strathcona be asked to appoint a committee of three to meet a like committee from this council to consider such a proposition, and if possible submit a plan of union that might prove satisfactory to the ratepayers of both cities."

A few weeks ago it seemed to be a phenomenal crop, but in consequence of the dry weather in sections there was a natural shrinkage in the prospective yield to something more than a normal basis.

Some sections of the country will produce record-breaking yields.

The wild reports of "great damage" are usually circulated by speculators. There is nothing to hide about the wheat crop. Averaged up it is all right. State men are always abroad at this season of the year, and friends of the country have no small task in keeping on their trail with reliable contradictions.

Hudson Bay Railway

Ottawa, Aug. 11.—The first step in connection with the Hudson Bay Railway will be taken this week when 100 men, to be divided into four survey parties, leave Winnipeg to locate the line to Fort Churchill.

One party will go direct there and work westward to the Pas, another following the Nelson river to Fort Nelson, alternate routes being surveyed and the respective advantages, natural and other facilities of the two harbors being thoroughly explored.

The total distance from the Pas to Churchill is 498 miles, and it is expected that the survey can be completed in 80 days from the start. The whole work is in the hands of John Armstrong, the well known railway engineer, assisted by Law and Murphy, engineers of the railway department.

The report will probably be finished about January so that legislation can at once be taken in hand and construction commenced next summer. The Government's policy will not be determined until reports are to hand and considered.

Race Course Riot

Berlin, Aug. 12.—Scenes of remarkable violence witnessed yesterday afternoon on the racetrack at Spandau, near Berlin, owing to the public excitement at the postponement of the races till Monday on account of a heavy rainstorm.

The Spandau racetrack has obtained all day yesterday for not carrying out its programme. Three times within the last few weeks the races have been postponed, owing to the poor attendance, the second time to bad weather and the third time to the death of a race.

When an angry postscript was announced today the anger of the crowd became so violent and their attitude so threatening that the director decided to combine the meeting despite heavy rain. He shortly afterward again altered his mind, however, and definitely announced that the races would be postponed.

The crowd then broke loose. With wild shouts they demanded the return of their postponed races. They tore down all the fencing surrounding the course, and shattered every wooden fence within reach.

They then attacked the judge's stand, and proceeded to set it on fire. The officials were powerless to deal with the infuriated mob, and many of them who had tried to restore peace were severely handled.

Finally the assistance of the military was asked for, and a body of troops arrived on the scene. They at once attacked the mob with their bayonets, and after a struggle succeeded in restoring order.

There were many minor casualties among the crowd, although so far as is known no one was seriously injured.

CURRENT COMMENT

The following amusing burlesque appeared in yesterday's issue of the Bulletin:

"The Strathcona daily scandal monger devoted almost a column of its space yesterday to vituperation of the Bulletin. Such speech as characterizes the fossils who temporarily gutter journalism upon the good people of the University City shows nothing but increase of the contempt with which their production is regarded wherever it is seen. In the best interests of Strathcona the muck-rake sheet should be suppressed."

Really now? Who'd have thought it? "Easily" and "elegant" and "peter journalism!" How "Mug's" little head must have throated as he produced those choice pieces of journalistic offal. The sooner the government get him out of his job the better off we have had the vocabulary of abuse. How nice of him to talk about the "good people of the University City." Wait till Mr. Oliver comes home, however, and won't he be angry when he hears that his "high class, erudite, literary gem of a paper, with its lady ideals and its immaculate politician manager, has been saying nice things about Strathcona's people?" The "good people of the University City" are much too shrewd to be trifled with. They know. They have had some experience of the Bulletin, whose affection for Strathcona is that of the wolf in the lamb. We are sorry we had to use the muck rake but we were handling the Bulletin and the only way we know of handling muck is with a rake. We know that the Bulletin is for once slating its candid opinion when it asks that we be suppressed. Fortunately the Bulletin's wishes and opinions carry absolutely no weight. It is despised by its political friends and laughed at by its enemies. It is the last word in effigy, unhealthy journalism.

Attention is drawn to an advertisement asking residents to communicate with Dr. Tery of the University of Alberta for boarders. It is highly desirable that this be done at once as arrangements must be made for providing accommodation for students. If sufficient facilities in private homes are not in sight, Dr. Tery will in all probability rent a building for the purpose of boarding students. We would suggest that a very suitable place for the boarding of students would be the Oddfellows' Temple. Dr. Tery informed us that he will probably build early next year houses for his pupils. By that time the general location of the University will be known and the proper situation for the professors' residences will be clear.

THE UNIVERSITY OF ALBERTA

We would call attention to the advertisement of the University of Alberta in our advertisement column. The University authorities are anxious to receive applications from intending students at the earliest possible moment so that all arrangements may be made for their accommodation.

Under the regulations made by the senate students who have passed Standard VII of the School course, with languages, will be admitted as undergraduates. Students who have not taken languages will be admitted as condition students and preliminary classes will be organized to enable them to make good deficiencies in those subjects. The same applies to the corresponding grades of the schools of the eastern provinces.

At the recent meeting of the senate it was also decided to grant degrees, Ad Remum Gradum, to all graduates who have registered as

members of convocation. This will be done at the approaching convocation in October. It was also decided to grant similar degrees to university students who have failed to register provided application was made, with certificates, in time to secure the approval of the Academic committee of the senate before the convocation. Application should be made to an Academic officer of the University before September 15th. The application must be accompanied by a fee of \$5. The books purchased for the library are being put in and in a few days the University office will be opened in Strathcona in the building in which the university will hold its classes until the University building proper is opened.

Pain anywhere stopped in 30 minutes with one of Dr. Shoop's Pain-Pain Tablets. The formula is on the 25 cent box. Ask your Doctor or Druggist about this formula! Stops worry pains anywhere. Write Dr. Shoop, Racine, Wis. for free trial, to prove value of his Headache, or Pain-Pain Tablets. Sold by All Dealers.

Chronicle Want Column

Advertisements not exceeding seven lines, one issue 25c, one week 50c. Additional lines 10c a line. All Want Ads. to be prepaid.

FOUND-IN POST OFFICE, BUNCH of keys. Owner may have same on applying at this office and paying for ad.

ROOMS to let, in Oddfellows' building. Also space in basement for storage. Front porch and dry. Apply H. F. SANDEMAN, 201-41st.

LOST-On Monday July 27th, in 4th Avenue North, LADIES SATCHEL, return to Chronicle Office T.F.M.P.

Residents of Strathcona prepared to take University students as boarders during the ensuing year are requested to communicate with Dr. Tery at the University offices, Duggan Street School, at once in order that accommodation arrangements may be completed.

The Conservative Platform

As Enunciated at Halifax and Other Places by Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

1. Honest appropriation and expenditure of public money in the public interest.
2. Appointment of public officials upon consideration of capacity and personal character and not of party service alone.
3. More effective provisions to punish bribery and fraud at elections, to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive arrangements, the withdrawal or compromise thereof, to provide for a thorough investigation to correct practices and if necessary to appoint an independent prosecuting officer to enforce the laws so amended.
4. A thorough and complete reformation of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination.
5. Such reform in the selection of members of the Senate will make that chamber more useful and representative body.
6. A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirable immigrants.
7. The management and development of the public domain (in which are to be included great national franchises) for the public benefit and under such conditions that a respectable proportion of the increment of value arising therefrom shall inure to the people.
8. The operation and management of our government railways by an independent commission free from partisan control or interference.
9. Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.
10. The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish thorough and effective control over all corporations owning or operating public utilities or invested with franchises of a national character.
11. The establishment after due investigation of a system of national telegraphs and telephones under conditions which shall be just to capital already invested in those enterprises.
12. The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration, after proper inquiry as to cost, of a system of free rural mail.
13. A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from products of natural resources, having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.
14. The promotion by negotiation and other constitutional means of a system of mutual preferential trade within the Empire.
15. The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.
16. The unimpairment maintenance of all powers of self-government which have been conferred upon the Provinces of Canada under this constitution.

Ohio Smash

Piqua, Ohio, Aug. 12 Three persons were killed and nearly two fatally, when two limited suburban electric cars of the Western Ohio Traction Co. collided at a sharp curve a few miles north of here last night.

Both trolley cars were late and in addition to their usual high speed are said to have been making up lost time. It is said that the south bound car from Sydney had orders to reach and lay over at a seldom used siding just south of Sydney, there to wait until the northbound car from here passed. As the southbound car rounded a curve just before reaching the switch, the northbound car hove in sight. In an instant there was a crash. The southbound car was telescoped and almost completely reduced to splinters. It was on this car that the greatest number were injured.

Street Car Collision

Chatham, Ont. Aug. 12—The dead as the result of a street car collision yesterday now number four, Michael and James Plaisayo have succumbed to injuries and Miss Henry 36 years old, is not expected to live.

The name of the others injured are Lawrence Donovan, one leg broken, other fractured; Kathleen Donovan, legs broken; Patrick Donovan, one leg broken; John Reid, compound fracture of leg; Wilson Field, bruised head and face; Mrs. Henry, injured but able to return home; Mr. Henry, knee cut but able to return home; Pearl Wanless, bad cut over eye and terribly bruised, collar bone thought to be broken; Carrie Snell, thrown out of car, but injuries slight; Mrs. Geo. Dunkley and son slightly hurt.

Indigestion

Stomach troubles are a torment of, and not a luxury to, the human race. Indigestion, flatulence, and other ailments of the stomach are common to all. It is a fact that the majority of the people who suffer from indigestion are not aware of the fact that it is a curable ailment. Dr. Shoop's Restorative is the only medicine that will cure indigestion, and it is a fact that it is a curable ailment. Dr. Shoop's Restorative is the only medicine that will cure indigestion, and it is a fact that it is a curable ailment.

To Our Readers

The Chronicle would esteem it a favour to receive any items of local news, social, general or personal. It is always anxious to give publicity to little incidents likely to be of interest and not calculated to injure feelings or cause unpleasantness.

Around the City

The Ladies' Aid of the Methodist Church purpose having a garden party on Mr. Dale's lawn on Tuesday, Aug. 18th.

Drive Rheumatism from the Blood with Dr. Shoop's Rheumatic Remedy. Tablet or Liquid.

Messrs Mills and Downes are dissolving partnership. Mr. Downes feels that the time he has to devote to the Police Magistrate and the fact that his occupation of the position puts a legal disability on his partner practicing before him is owing to Mr. Mills. Mr. Downes will remove to another office in the same block.

Piles helped at once with Dr. Shoop's Magic Ointment. Just to prove it, a trial box will be mailed on request, by writing Dr. Shoop, Regina, Wis. It is cheap, startling, dissolving piles internally or externally, get quick and certain help from Magic Ointment. Large box 50c. Sold by All Dealers.

An amusing incident arising out of a series of circumstances occurred last night. It seems that the boys who herd the cows belonging to some of the citizens had brought them into the city and were distributing them. They supplied left three cows owned by a worthy alderman and two prominent citizens standing on the roadside while they went to distribute them and other animals. Fate was working, however, and at this psychological moment an angry citizen, seeing a cow from his point of view, the three violators of the point of view. His ire rose and he hurled to the child of police and protested against other people's cows being allowed to trespass. They could know his duty. He would do justice, though the heavens fell. The three cows were safely parked to the side of the city pound. A brief interval elapsed and the three owners appeared and safely and calmly explained the circumstances. But the chief was adamant. His motto was the famous one "What I have said" until of course the dignity of the law is assailed and tribute paid. The cow proprietors argued and explained that all the logic and scientific evidence. Their cows were but cows after all and amenable to the law. They were good cows, docile, and still more difficult to describe. But that such a feeling exists is simply proven by the large houses that always greet a minstrel company of known reputation and worth. Richards & Pringle's Famous Company, the largest minstrel organization on the road, undoubtedly the best, and by far the oldest, have been making people laugh for thirty years—over a quarter of a century.
